### *A Time to Tell*
(Ages 11-14)
Item: 605696
$14.99

With introductions and "reality checks" by teens for teens, *A Time to Tell* presents a variety of situations that young people may encounter. These scenes stress the importance of the three R's of Youth Protection: Recognize strategies and situations used by child molesters to isolate an adolescent that can lead to attempted molestation. Resist attempts of child molesters. Say no firmly and impolitely. Resistance will stop most molesters in their tracks. Statistically, very few resort to force. Report individuals who attempt to molest or who have molested in the past. This helps prevent young people from being harmed and provides an opportunity for the molester to get help. Released 2005
